

## Willington Patient Participation Group (PPG)

Do you have ideas about how we can improve our surgery and other local health services?

Join us at Willington PPG!

All adult patients (over 16 years) are members of PPG and are welcome to attend any meeting. Meetings are currently held remotely until we can once again hold our meetings at the Surgery.

Meetings take place on the third week of each month. If you are interested in joining the Group, be included on a circulation list to receive information or just to find out more about the Group please email: [ddccg.willingtonsurgeryppg@nhs.net](mailto:ddccg.willingtonsurgeryppg@nhs.net) or write to : PPG, Willington Surgery, Kingfisher Lane, Willington, Derby DE65 6QT

The purpose of this group is patients working with the surgery to:

- Provide a channel of communication between practice staff and patients to break down barriers to communication and enable sharing of information
- Help themselves and other patients to take more responsibility for their health
- Provide practical support to the surgery
- Contribute to continuous improvement of services determined by the needs of the community

We have a page on the Willington Surgery website: <https://www.willingtonsurgery.co.uk> just click on the PPG link

**We are patients, just like you.**
